

## **Editorial Note**

### **Biomarkers Journal**

The Biomarkers Journal, Imed publication, is an international prominent journal which published articles globally in the prime field of Cancer Biomarkers, Proteomic Biomarkers, Pharmacogenomic Biomarkers, DNA Biomarkers, Biochemical Markers, Molecular Biomarkers, Pharmacodynamic Biomarkers, Metabolomic Biomarkers, Cytogenic Biomarkers, Autism Biomarkers, RNA Biomarkers, Inflammatory Markers, Behavioural Markers, Biomarkers for Bipolar Disorder and its applied fields and return it to the forefront of conceptual developments in the discipline. Its is an open access and peer reviewed journal by eminent Editorial Board and the manuscripts are peer-reviewed by potential reviewers according to their research interest.

For the last 6 years, published papers have been under the strong and able leadership of our Editor-in-Chief's Dr. Yoshihiro Kikuchi. Especially, we are thankful to for his continuous support and dedication towards the journal will not lost. We the publication office of Journal of Internal Medicine including me, we all are very honoured and grateful for his selfless devotion towards the journal.

We provide a rapid turn-around time possible for peer reviewing and publishing the article online and to disseminate the articles freely for research, teaching and reference purposes.

Scope of the Journal: The scope includes study and recent advancements of research developments and technologies used to encompass diagnosis and therapeutic approaches of adolescent medicine, critical care medicine, sleep medicine, sports medicine, plastic surgery, addiction medicine and preventive medicine. Manuscripts showcasing recent developments in modern treatment practices including Cancer Biomarkers, Proteomic Biomarkers, Pharmacogenomic Biomarkers, DNA Biomarkers, Biochemical Markers, Molecular Biomarkers, Pharmacodynamic Biomarkers, Metabolomic Biomarkers, Cytogenic Biomarkers, Autism Biomarkers, RNA Biomarkers, Inflammatory Markers, Behavioural Markers, Biomarkers for Bipolar Disorder. The principal criterion for publication is potential impact on patient care.

### **Applied Strategies in 2019**

We have applied many strategies in 2019, i.e.

- Using contacting through Mobile (WhatsApp) phones
- Sent Call for papers for the eminent in the field
- Approaching the Editors suggested eminent
- Approaching potential reviewers for the Call for papers
- Maintaining the frequency of articles.

### **Conclusion**

I wish to provide some perspective from the cycling research community of Biomarkers Journal with regard to a recent Editorial note of our Journal. I solely believe that the quality of the journal is based on the Eminence presence in the Editorial Board as well as Reviewer Board (potential reviewers) who strive to make the papers significantly productive and helpful for the scientific community.

Stay Safe & Healthy...!

Thank you!

With kind regards,

Sarah James  
Managing Editor
